

Communication Made Easy! Homework. for your parents!

Name _____

Date _____ Period _____

Communication is still very important in middle school! I hope you will take a few minutes to complete the following assignments and familiarize yourself with the ways that information will be shared this year.

Thank you,
Mr. Haver

#1: Bookmark Teacher Website: mrhaver.weebly.com

Parent Initial

This website includes daily classwork and homework assignments, announcements for upcoming assessments and other important dates, useful links, and a parent portal for policies and procedures. It is recommended that you bookmark or favorite the website and check it regularly.

Please go to mrhaver.weebly.com and complete the following tasks:

- ✓ Bookmark our website for quick access at home
- ✓ Find the Homework, Math 6, Science 6, Links and Parent Portal pages and read them carefully to understand class rules, policies, and procedures
- ✓ Locate today's classwork and homework assignments under the Homework dropdown menu
- ✓ Try one of our links located on the Links page

#2: Email the Teacher: dhaver@conejousd.org

Parent Initial

Email is the easiest way to contact your teachers and is an ideal way for us to communicate news of important events coming up in our classes. Your job is to have your parent(s) send us a short email message by Friday, August 26th. That way we can capture their email address and add it to a class distribution list.

Please include:

- ✓ student name & period in the "subject"
- ✓ parent/guardian first and last name
- ✓ optional: any special skill, talent, connection, or knowledge in a particular math or science field that you would be willing to share with our students this year

OPTIONAL:

#3: Set up Twitter Fast Follow: Text "follow @mrhaver_coyotes" to 40404.

Once subscribed, you will begin receiving tweets (text messages) from me about upcoming events. You will not be able to reply to these tweets. Tired of hearing from me? Text "off @mrhaver_coyotes" to 40404. ☺

Thank you for taking the time to complete the homework! If you would like to contribute \$10.00 toward our 6th grade science program, aligned to the Next Generation Science Standards, please send it in with this paper. Any financial assistance you can give is greatly appreciated.

I have read and understand the classroom procedures, rules, and expectations for Mr. Haver's 6th grade math and science classes.
